2. Acceptance and who may use it

By accessing or using the website you agree to these terms and the Privacy Policy (https://nightplay.vn/privacy.html). If you do not agree, please stop using it. Children should play under the supervision of a parent or guardian; children under 16 may provide personal data only with a parent's or guardian's consent. Night Pass is bought by people aged 18 or over, or by minors with a guardian's consent.

3. Scope of service

Play Hub is a set of browser entertainment games: **Pop Play** (short games for young children), **Night Play** (light games for adults) and the paid **Night Pass**. Every game is free to play in its basic mode and look; some modes, difficulties and special looks are for Night Pass only, as described on the Night Pass page from time to time. We may add, change, pause or remove games and features, and will make reasonable efforts not to reduce the benefits of an active plan during the period purchased.

4. Night Pass: plans and prices

Prices are in Vietnamese dong, tax included where applicable, with no surcharge. A plan takes effect when we receive the payment; buying more while a plan is active adds to its duration.

Plan	Duration	Price
1 day	1 day	9,000 VND
1 week	7 days	18,000 VND
1 month	30 days	36,000 VND
1 year	365 days	199,000 VND

Benefits: extra modes, difficulties and special looks in each game (e.g. Smash the Deadline: endless, daily challenge, boss, statistics) and a leaderboard badge; details on the Night Pass page. When it expires you return to the free version; **no auto-renewal**, no automatic charges.

5. Ordering and payment

- Choose a plan, enter your email (for restore codes and matching the order), then get a VietQR code with the amount and transfer content pre-filled. The order is held for **15 minutes**.
- Transfer the exact amount with the exact content. When the bank reports the funds the plan is activated automatically within a short time; you can check and restore it on the Night Pass page.
- Money arriving after the order expires is still credited if the amount and content are right. Underpayment, wrong content or duplicate transfers are handled manually under section 7.
- We never receive or store card numbers or bank passwords. Any transfer fee is set by your bank. For an invoice or receipt, write to support@nightplay.vn.

6. Delivery

Night Pass is a digital product activated electronically in the browser that claimed it; nothing is shipped. If the plan does not appear after payment, use “Restore plan” (enter your email, receive a 6-digit OTP valid for 10 minutes) or contact support with the order code.

7. Refunds and cancellation

- **Refund within the first 3 days:** you get a refund if you ask within 03 days of the plan being activated and you have not used it much, meaning less than 01 hour of total play time with Night Pass benefits and the plan has not expired.
- **Always refundable:** (a) duplicate or excess payments; (b) you paid but the plan could not be activated, or it has a technical fault we could not fix.
- **Normally not refundable:** a plan used extensively or already expired (except system faults); the wrong plan chosen; breach of these terms (sections 9, 10).

- **How to ask:** email support@nightplay.vn within 07 days of purchase, with the purchase email, the order code (NP…) or transfer details.
- **Handling:** we reply within 3 working days; an approved refund goes back to the account that paid within 07 working days of approval. A refunded plan is revoked.
- You may stop any time; since there is no auto-renewal, no cancellation step is needed.

8. Accounts, devices and sharing

There are no password accounts: a plan is tied to the email used to buy it and to your devices. Each plan works on up to **3 devices** at once; when a 4th joins, the least recently used one is revoked, and you can sign out other devices on the plan check page. Do not resell, rent, publish codes or share a plan beyond your household. Keep your email and OTPs private; you are responsible for activity on your devices and email.

9. Prohibited conduct

- Interfering with, scanning, attacking or overloading the system; bypassing access limits or the parental gate with automated tools.
- Altering or forging Night Pass tokens, device keys, scores or play-for-me results; using cheats or inflating figures.
- Reverse-engineering, copying or redistributing code, images or sounds for commercial purposes without permission.
- Nicknames that are vulgar, hateful, unlawful or contain another person’s personal data.
- Any use that breaks Vietnamese law, including acts banned by the Law on Cybersecurity.

Breaches may lead to plan revocation, removal of leaderboard entries, blocking without refund, and a report to the authorities where needed.

10. Rights and obligations

Users have the right to truthful information about the service and prices, to personal data protection (see the Privacy Policy) and to complain; they must give a correct email, pay correctly and follow these terms. **The owner** may refuse or revoke a plan for breaches, maintain or change the service, and must give clear information, activate plans after receiving payment, keep information secure, resolve complaints and refund under section 7.

11. Leaderboard and user content

Scores and nicknames you choose to share are shown publicly. You allow us to display them on the leaderboard; we may remove content that breaches these terms or is unsuitable. To remove a score, send the game name and nickname to support@nightplay.vn.

12. Intellectual property

The code, design, images, sounds, names and marks of Play Hub, Pop Play, Night Play and Night Pass belong to the owner or its licensors and are protected by intellectual property law. You may use them personally and non-commercially; screenshots and videos of your own rounds may be shared for personal purposes with credit.

13. Disclaimer and limits of liability

The service is provided on a reasonable-efforts basis and may be interrupted by maintenance, network faults or infrastructure providers. Games run offline, but features that need the server (plan check, leaderboard, play-for-me) do not. To the extent the law allows, our liability is limited to the amount you paid for the plan concerned; we do not exclude liability where the law does not allow it (such as fraud, wilful misconduct, or non-waivable consumer rights). These are entertainment games and do not replace parents' supervision of children's play time.

14. Complaints and disputes

- **Intake:** send complaints to support@nightplay.vn with details, the purchase email, order code and evidence (transfer screenshot). We acknowledge within 3 working days.
- **Handling:** we verify and reply with the outcome and remedy (re-activation, refund, compensation) within 07 days of receiving complete information.
- **Negotiation and mediation:** we first seek agreement. Failing that, you may complain to the state consumer-protection authority or a consumer-protection organisation, or sue before a competent court in Vietnam.
- The governing law is the law of Vietnam.

15. Personal data protection

Collection, use, storage and your rights over personal data are set out in the Privacy Policy (https://nightplay.vn/privacy.html), which forms part of these terms.

16. Changes and contact

When something important changes we update this page, the effective date at the top and announce it on the website; plans already bought keep the benefits published when bought for the plan's duration. Contact: support@nightplay.vn.
